THE LEARNING CENTER
April 1st 2020

Dear Parents.

Donations Needed!!

As we continue to learn about growing fruits, vegetables and plants, we need your help. We are asking that you help out by donating any of the following:

- 2-litter bottles
- K-Cups
- Spray bottle
- Newspaper

Home/ School Connection:

As we are learning about recycling, we ask that you and your child create a "recycled craft" using materials that you may be getting rid of or throwing away. This project is due April 22th.

Gardening is a great activity for children and it can be a wonderfully educational one, too. The garden can be a

great place to teach your kids a little biology and introduce them to the wonders of the natural world in a way that's fun and likely to spark an interest that will last a lifetime. What planting do you do at home?
